Requirements to Schedule a Visit

Requirements:

- Valid photo ID is required for all visitors at check-in.
- Before scheduling a visit, visitors must create an account online using a valid email address. If you do not have an email address, there are many webmail providers who offer free email accounts. An email account is required for account creation and for using the online registration tool.
- If you are a professional visitor, please contact the correctional facility directly to determine the process for obtaining "Professional Visitor" status. You can continue with the registration as a personal visitor in the meantime and once you obtain "Professional Visitor" status, you will see the label "Professional" next to your name on the homepage. In addition, your professional visits will not be monitored or recorded <u>after</u> your status has been granted.

To schedule an inmate visit, log in with the email address you used for registration and the new password you created after logging in with your temporary password. Click "Visitation" in the main menu, add any additional visitors that will attend the visit and select the inmate you'd like to visit.

Next, enter your preferred date, time and location and click "Search." Click "Select" next to the desired visitation time. NOTE: **ALL** visits must be scheduled at least 7 days in advance.

On the next page, you can review selections and make changes. At the bottom of the page, indicate that you have reviewed the policies. Verify all the information on the page, and click "Confirm."
