1. Purpose

The purpose of administrative discipline is to correct and educate employees for inappropriate behavior. The Penalty Assessment Guidelines will define the categories of infractions and violations therefore enabling the Harford County Sheriff's Office (HCSO) to handle discipline in a fair and equitable manner for all employees.

2. Policy

The Harford County Sheriff's Office will create Penalty Assessment Guidelines in an effort to establish general categories for infractions and violations of the rules and regulations to provide a framework for the purpose of providing consistent and fair penalties to all employees except Law Enforcement Deputies. Guidelines for Law Enforcement Deputies are contained in HCSO policy PER 0216.

3. Procedures

- A. The Penalty Assessment Guidelines are not designed to be all-encompassing; violations may occur which are not listed in the Penalty Assessment Matrix.
- B. The Penalty Assessment Matrix includes possible charges which may arise out of violations of any HCSO policy, rule, regulation or order.
- C. When assessing discipline, Commanders will not focus on a single factor, but rather should consider all relevant factors that may raise or lower the original violation category including:
 1. type of incident;
 2. related injury and/or damage;
 3. employee intent and/or motive;
 4. prior disciplinary record and performance;
 5. mitigating and/or aggravating factors;
 6. degree of culpability;

7. truthfulness;
8. admission of error/mistake by employee; and
9. other factors rising from the case.
